

EMPLOYER SURVEY

The Miles City Job Service is currently conducting a short survey to determine if our office should continue publishing the "Reliable Source" newsletter. It is our goal to furnish employers with relevant information useful for area businesses.

Due to current technology trends we are assessing if a printed newsletter is a viable service. At this time we publish and distribute approximately 350 newsletter copies to area businesses. We are interested in hearing your feedback. Please either complete and return the survey listed below or contact the Miles City Job Service at 406-232-8340. We value your opinion and would appreciate knowing if you find this publication helpful.

Thank You!

Please return this survey to:
